# Sancerre "Terres Blanches"

2022

Fournier Père et Fils, with its access to some of the most prestigious parcels throughout Sancerre, prides itself on showing intrinsic terroir variation in their top-quality wines. By combining family winemaking traditions with modern technology – including custom tanks and gravity flow, the domaine is dedicated to vineyard expression with a Burgundian approach. **Terres Blanches**, which translates to "White Earth," is a late-ripening terroir made of thick clay layered with white limestone pebbles. This terroir is rich in fossils and limestone, which gives the wines produced from it a strong aromatic concentration, tension and ageing potential.
