Morgon "La Centenaire"

2023

A special bottling from Morgon with a unique story, the vineyard parcel producing Pizay (PEA-ZAY) Morgon "La Centenaire" was planted 108 years ago, in 1915, during World War I, when the men were away at war and the estate was run by the women, who put all the vines in the ground. The 2021 vintage gives voice to these exceptionally old vines, which reach deep into the earth for nutrients, resulting in richly concentrated, robust, age-worthy wines. Château de Pizay is among the oldest and most respected estates in the Beaujolais region, with records dating to 1030. It was one of the first 150 wineries in France to be certified HVE3 (sustainable). This protected AOC spreads over 2,700 acres and is said to "boast the fruit of a Beaujolais and the charm of a Burgundy."
